

A4 10up Xerox Premium NeverTear Wristbands

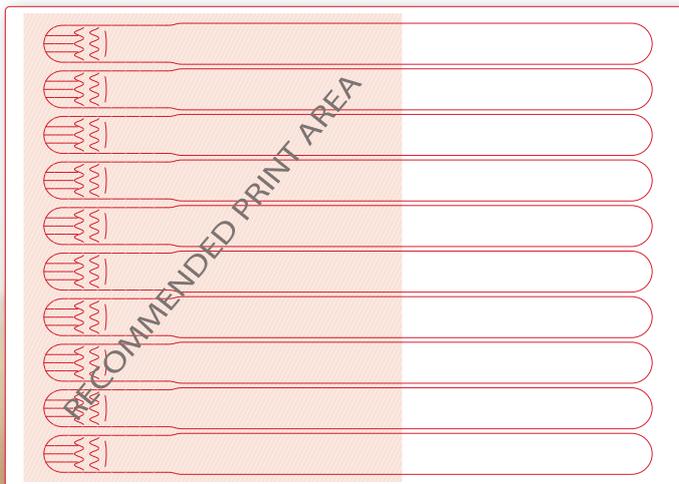

120 micron Laser Guaranteed PET Wristbands

Our Individual Wristbands are supplied on A4 sheets ready to be fully personalised on demand. Each individual wristband can be peeled from the A4 sheet and has a removable tab that protects the adhesive, allowing the wristband to be distributed before activating. Each sheet contains 10 wristbands. The wristband is fully recyclable at most recycle centres.

The A4 sheet is compatible with most colour and mono laser printers and is water and greaseproof.

To ensure maximum adhesion and print quality, please follow the recommended print area as illustrated below.

Templates available to support artwork alignment.
